

Idea Competition for DREAM Challenges

Call for Proposals

Award: Up to \$100,000 Subcontract

Sage Bionetworks and DREAM Challenges are hosting an Idea Competition for the CSBC and PS-ON communities to solicit ideas for a DREAM Challenge. Challenge proposals must pose questions that are solvable, measurable, and of broad interest to the CSBC and PS-ON programs. The goal is to promote collaborative development and dissemination of innovative informatics solutions to accelerate cancer research.

The winner of the competition will be awarded a subcontract for up to \$100,000 (total) to support activities associated with the development and execution of a challenge, including (a) data extraction and curation (b) algorithm development and assessment, and (c) domain expert support. Sage Bionetworks will provide staff support to launch and run the DREAM challenge.

Entry Deadline: Sept. 30, 2019

DREAM is an open science and collaborative challenge framework.

/ ELIGIBILITY

Proposals must be submitted by a researcher who is funded by NCI through the CSBC or PS-ON programs. Collaborators outside of the programs are permitted.

/ HOW TO SUBMIT

1. Use the template available at: bit.ly/dr IDEA19
2. Upload completed proposal to: bit.ly/drmfile19
